Valley

Designed by

Cambres Design

Valley permite al usuario disponer de espacio a dos niveles sobre los que colocar sus objetos y pertenencias, estableciendo nuevas normas de orden para aquellos que categorizan todo o sencillamente distintas superficies donde conviven la calidez de la madera con la elegancia del metal.

Valley allows the user to have two-level space on which to place their objects and belongings, establishing new rules of order for those who categorize all. Or simply different surfaces where the warmth of wood coexists with the elegance of metal.

La gamme Valley offre deux niveaux d'espace de rangement permettant une organisation optimale pour les amoureux de l'ordre. Découvrez la parfaite symbiose entre la chaleur du bois et l'élégance du métal.
